PROFESSIONAL SUMMARY

Data Scientist with hands-on experience applying machine learning, statistical analysis, forecasting, and applied AI to real-world datasets. Developed a CNN and RAG application that reduced peak inference memory by 85% (509 MB to 77 MB) and median CPU latency from 150 ms to 3.95 ms using ONNX Runtime. MSc in Data Science and Business Analytics (GPA 3.62/4.00) and BSc in Mathematics, with practical experience in Python, SQL, statistics, and machine learning.

Seeking entry-level Data Scientist and Data Analyst roles in the UAE.

UAE Status: Travel visa valid until December 2026. Available to join immediately, subject to employment formalities.

TECHNICAL SKILLS

Programming & Data Analysis: Python, SQL, MySQL, Pandas, NumPy, PySpark, Exploratory Data Analysis (EDA), Data Cleaning, Data Wrangling, Data Preprocessing, ETL Pipelines, Data Validation

Machine Learning: Regression, Classification, Feature Engineering, Model Evaluation, Hyperparameter Tuning, Tree-Based Models (Decision Trees, Random Forest, Gradient Boosting), XGBoost, LightGBM, CatBoost, Logistic Regression, SVM, KNN, Naive Bayes

Statistics: Descriptive and Inferential Statistics, Hypothesis Testing, ANOVA, Chi-square Tests, Correlation Analysis, Principal Component Analysis (PCA), Exploratory Factor Analysis (EFA), Multiple Correspondence Analysis (MCA)

Deep Learning, NLP & AI: TensorFlow, PyTorch, Keras, CNN, Retrieval-Augmented Generation (RAG), Embeddings, ChromaDB, LangGraph, Text Preprocessing, TF-IDF, Sentiment Analysis, Text Classification

Visualization, Tools & Deployment: Tableau, Matplotlib, Seaborn, Git, GitHub, Docker, FastAPI, Flask, Model Deployment

EXPERIENCE

Infocreon Solutions Private Limited *May 2026 – Oct 2026*
Remote / Kerala, India

Applied AI Intern *Sep 2026 – Oct 2026*

- Wrote Python and FastAPI retrieval workflows over operational documents and past support tickets, with evidence-based responses and fallback handling, for an operations support platform whose team handles 2,000+ tickets per month.

Agentic AI Intern *Jul 2026 – Sep 2026*

- Developed Python and LangGraph workflows that draw on attendance, membership, follow-up and trainer data for member recommendations and trainer allocation.

Cloud and Data Visualization Intern *May 2026 – Jul 2026*

- Contributed to a Next.js/FastAPI flood dashboard integrating API data across 85+ cities and regions. Also supported backend integration and deployment on Render and Vercel.

PROJECTS

Grocery AI – Image Classification and RAG Nutrition Assistant
GitHub: https://github.com/Muhammed-Shameel/Grocery-AI | Live Demo: https://grocery--ai.vercel.app/

- Combined CNN image classification with RAG over 2,543 ChromaDB chunks from 68 sources in a FastAPI/React application, adding grounding checks and refusal of unsupported queries.
- Trained on 37,071 images. ONNX Runtime reduced peak memory by 85% (509 MB to 77 MB) and median CPU latency from 150 ms to 3.95 ms.

Favorita Grocery Sales Forecasting
GitHub: https://github.com/Muhammed-Shameel/Favorita-Grocery-Sales-Forecasting

- Engineered calendar, promotion, lag and rolling features, ending with 49 final features, and compared CatBoost configurations using time-based direct and recursive validation.
- Best recursive validation reached MAE 63.34, RMSE 226.29 and bias +10.29, a 2.87% MAE improvement over the recursive baseline. The final model used 850 trees.

Data Driven Analysis of Football Managers and Players
GitHub: https://github.com/Muhammed-Shameel/football-player-analysis

- Consolidated five datasets into 2,683 Premier League player records (2017–2025), engineering per-90 statistics and applying EFA and MCA to study performance and tactics.
- Compared 5 classifiers on a seven-class imbalanced target, testing class weighting and SMOTE. XGBoost reached 68.7% accuracy and Gradient Boosting reached 65.1% macro F1.

EDUCATION

MSc Data Science and Business Analytics *Mar 2026*
Asia Pacific University of Technology and Innovation (APU), Malaysia
Specialization: Data Engineering | GPA: 3.62/4.00

BSc Mathematics *Apr 2024*
Kottakkal Farook Arts and Science College, University of Calicut, India
